

# It's Raining Cats and Dogs!

*"Proverbs mirror the Thinking of People" – Linda McCartney, Educator*

Break the ice

---

Burn your bridges behind you

---

Change horses in mid stream

---

Cross that bridge when we come to it

---

Crying buckets

---

Dive right in

---

Down the drain

---

A drop in the bucket

---

A flood of tears

---

Like a duck to water

---

Find your sea legs

---

Get your ducks in a row

---

Get your feet wet

---

Having a ripple effect

---

He is a drip

---

Hook, line and sinker

---

He is all wet

---

Icy Stare

---

In hot water

---

Jump in with both feet

---

Like water off a ducks back

---

Madder than a wet hen

---

Blood is thicker than water

---

Mind in a fog

---

Make a big splash

---

Muddy the waters

---

On cloud nine

---

One hand washes the other

---

Raining cats and dogs

---

Sink or swim

---

Something smells fishy

---

Something snowballs

---

Stepping stones

---

Still water runs deep

---

The wells run dry

---

Throw cold water on it

---

Tip of the iceberg

---

Treading water

---

Troubled waters

---

Up a creek without a paddle

---

Walking on thin ice

---

Wash my hands of it

---

Water over the dam

---

Water under the bridge

---

Water, water everywhere but not a drop to drink

---

Wet behind the ears

---

Wet your whistle

---

When it rains it pours

---

When our ship comes in

---

You can lead a horse to water but you can't make him drink

---
