

Iowa Wetlands Workshop

<DATE>

<START TIME—END TIME>

<LOCATION & ADDRESS (optional map on back)>

Come spend a day experiencing Iowa Wetlands and award winning educational activities. You'll be introduced to and participate in activities about animal adaptations, animal migration, life cycles, watersheds, water quality, and natural resources management all connected through the topic of Iowa's Wetlands. Listen to Iowa Scientists and Educators describe how Iowa wetlands were formed and their important role for our state as you explore the Iowa Academy of Science National Wildlife Refuge Audio Series (www.scienceiniowa.org). Then, get your feet wet with a wetland walk. Be sure to dress for the weather and come prepared to lug home a treasure trove of ideas and materials for your classroom.

To register:

Send your name, email address, school and school address, home and school phone number, and grades taught

To:

<HOST or Facilitator name>
<contact information>

Each participant will receive a Project Webfoot Kit with \$300 worth of classroom materials, including:

- WOW, the Wonders of Wetlands Educator's Guide Published by Project WET and recommended by the National Science Teachers Association.
- Ducks, Geese and Swans of North America CD-ROM—photos, songs, videos, distribution maps and identification tips for North American Waterfowl
- Wetland Ecosystems Teacher's Guide (Grades 4-6) & Wetland Ecosystems Student Journal
- Read Aloud Wetlands Book List—literature connections for grades K-12
- Project Webfoot Student Activity Book
- Pocket Waterfowl ID Guide
- Wetland posters and more!
